Dear Guest,

We're excited about your upcoming 7-Night Southern Caribbean Cruise departing from San Juan on October 28, and we look forward to welcoming you aboard.

We have some important itinerary updates to share with you before we set sail. Due to the impact of Hurricane Irma, we will be unable to visit Charlotte Amalie, St. Thomas. In order to provide you the most in-depth and unforgettable vacation experience, we've added a visit to the breathtaking port of St. Croix, U.S. Virgin Islands instead.

We're arranging a wide variety of in-depth shore excursions for you to choose from in St. Croix. Once we have them finalized, we'll send you all the details you need to plan your excursions and book them before you sail.

If you had shore excursions booked in St. Thomas, you'll automatically receive a full refund back to the original form of payment.

For your convenience, we've included the original itinerary and the revised itinerary here.
